> More about ITALPROGETTI

Italprogetti S.r.l. develops and builds several kinds of industrial machinery "on behalf of third parties", since 1991.

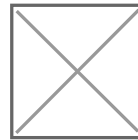

EVERY PRODUCTION STEP IS MADE INTERNALLY.

Italprogetti work for European multinationals, in the fields of printing machinery (drying systems), nonwoven (ovens), tools machinery (bodyworks), waste recycling (sheet metal structures).

The production extends over a surface of 16.000 m2, of which 6.000 covered,

the company is UNI EN ISO 9001:2015 and UNI EN ISO 14001:2015 certified and on January we will be ISO 45001 certified as well.
