

CULTRARO AUTOMAZIONE ENGINEERING

> More about CULTRARO AUTOMAZIONE ENGINEERING

Cultraro employs more than 500 people worldwide. In the Headquarters, located in Rivoli near Turin, there are design, production and testing facilities departments. Another big production plant, Cultraro Autocomp Solutions, is located in India, near Delhi. In the USA, there is a logistic hub (Cultraro US Corporation) located in Florida and a warehouse in Tennessee.

CULTRARO is one of the world leaders in the production of dampers, which includes rotary dampers, hinge dampers, linear dampers, innovative motion control systems, and push-push latches. This wide range of products can be used to soften any kind of movement and can offer innovative solutions to customer's R&D.

Aside from improving the technical aspect of customer application, CULTRARO can offer its support in the integration of the dampers into their products.

CULTRARO mainly operates in the automotive, aerospace and smart manufacturing fields.
