## > More about Vanzetti Engineering

Since its establishment in 1984, Vanzetti Engineering has emerged as a premier Original Equipment Manufacturer (OEM), focusing on the precise design and construction of cross-domain cryogenic pumps. Over the decades, the company has consistently advanced its centrifugal and reciprocating cryogenic pump series, guided by a resilient design philosophy. Involved in the Marine, Automotive, Industrial, and Aerospace fields, Vanzetti Engineering stands for innovation and reliability.
