## > More about LANGENSEE

Langensee, located in Verbania, Italy, provides since 1996 electronic engineering services and manufactures electronic boards and equipment (EEMS).

Langensee produces hi-tech in one of the most beautiful areas of Italy.

Development and design, rush prototyping, in-house test equipment, and test bench production, PCB and product assembly, purchasing, logistics, and aftermarket – Langensee offers complete one-stop turnkey fulfillment, flexible, quick and prompt with very advantageous prices.

Langensee mainly operates in the automotive, aerospace (including small satellites) and smart manufacturing fields.
