Add. Manuf. / Cutting / EDM/ECM / Forming / Heat Treatment / Machining / Manufacturing / Milling / Miscellaneous / Operation & Logistics / Special processes / Surface treatment / Tooling

> Other key sectors

Cleantech & Green Building, Automotive & Transportation, Mechatronics, ICT

> More about Nuova Simach

NUOVA SIMACH SRL is based in Turin area in Italy and deals with design, tooling construction (more than 100 new progressive tooling per year) and cold stamping of metal parts since 1977 (we produce more than 40 million pieces per month).

We are leaders in the contacts, fastons, also selectively treated, on tape and on finished piece. We produce busbars, brackets, supports, screens, safety belts and, especially after vehicle electrification, we are specialized in copper and aluminium stamping parts from 0.05mm to 6mm in thickness.

We are direct supplier of the Volkswagen group.
