

TECNOCAD PROGETTI

> More about TECNOCAD PROGETTI

Founded in 1986 by Germano Cini, TECNOCAD heads a group of automotive industry companies organized and structured to provide a complete and integrated engineering service able to cover the entire development process from the initial concept, to complete development, up to the production start-up phase.

Thanks to its flexibility, reactivity and expertise, TECNOCAD is the perfect partner for assisting Customers with all technical challenges, by adapting its organization to the various project requirements. It is able to develop and manage both complete turnkey projects and assist Customers for specific phases of the engineering process or for certain subsystems or development perimeters.

TECNOCAD currently works with many OEMs and Tier 1 companies worldwide and has gained their complete confidence thanks to its recognized quality of service and reliability in reaching assigned goals.

TECNOCAD mainly operates in the aerospace, automotive and design fields.

The company is ISO 9001-2015 certified.
