> More about Langhe Gourmet

Since 1997, Langhe Gourmet has been selecting the best raw materials to transform them into the specialties that, once on your table, allow you to taste the real Piedmontese Cuisine, the greatest of northern Italy. Our products are made with some of the finest worldwide known Piedmontese wines, such as red ones like Barolo Docg, Barbaresco Docg e Nebbiolo d'Alba Doc and white wines such as Moscato d'Asti Docg.

The cattle of breed "Fassona Piemontese" is another important element of the territory, the well known high quality is what brings this ingredient in the production of our Ragù.

To select our truffles we rely on a team of Truffle hunters "Trifulau" from the area, which with its trusted dogs is able to find the fine and valuable hypogea fungi.
