> More about SORALAMA'

The SORALAMA brand was born in 1999 in Val Chiavenna and move to Val Susa in 2004.

The SORALAMA BREWERY is an independent craft brewery and produces only raw, live and unpasteurized beer.

SORALAMA was born when the movement of craft beers was taking its first steps and today, with a production of 400'000 liters per year, it is among the top 15 beers in Italy.

The beers are packaged in 33cc and 75cc bottles and we are specialized in supplying craft beers on tap and producing beers marketed under our customer's brands.
