PARIANI

Ricerca ed Eccellen

> More about PARIANI

PARIANI is a young, innovative company producing ingredients for pastry and ice cream making, gourmet cuisine and the whole segment HORECA. Its slogan "Research and Excellence" sums up mission and goals: unusual products to inspire new recipes and satisfy even the most discerning palates. The core business is Italian nuts (hazelnut, walnut, almond, pistachio, pine nut, both raw and transformed into oil, spread, paste, flour) as well as exotic nuts. In addition, candied fruits and vegetables, and natural essences.

Among PARIANI plus there are the high quality of the raw materials, grown by selected local growers, and a shortproduction-chain. Among the latest innovations, the Burrolio, a revolution in dairy-free spreads, a vegan alternative to butter, made of just two ingredients: cocoa butter and cold pressed-oil, from different nuts (hazelnut, pistachio, almond, walnut) and olive.
