> More about Chicco Caffè

We believe in our origin and where we started. Story, traditions and the artisan way come first: We have just taken these values and improved ourselves and our work... Step by step. Considering market requests and preferences, we have broaden our range of products proposing different blends and several coffee solution. Passion for our job and ideas deserve their space.

Chicco Caffè

Chicco Caffè began its activity in 2003 led by passion for coffee and following skilled competence on blend selection and preparation. We are located in Northern Italy between Monte Rosa and Orta Lake and we mostly provide the Ho.Re.Ca sector in Milan area beyond neighbouring (Novara, Biella, Vercelli). Since we believe in quality, qualified work carried out with passion and artisan methods, each process respects these values: no rush in preparing our blends. Coffee need its time to get ready to be drunk and to be appreciated in its aroma, structure and healthy features. All our blends have their own features in order to satisfied different users whose purpose is having a good and artisan healthy coffee. We propose both coffee in beans and ground coffee in pods, capsules and coffee in fine packages for delicatessen shops.

Our range of products includes Coffee in beans in different blends for the Ho.Re.Ca Sector, also special blend for filter coffee (100%Arabica) with its spicy aroma, ground coffee for Retail Gourmet markets, with metal boxes 250gr, capsules and pods.

Products details: Each blend indicates its Origin Country and its aroma features. Our products have barcode, lot number and expiry date.

Size: We supply our blends both to the Ho.Re.Ca sector with roasted coffee beans in 500gr or 1kg triple aluminum bag (flavor-saving valve), and the Retail Gourmet market with ground coffee in 250gr package or fine fine boxes.

We work in collaboration with our supplier **ARC** (Aziende Riunite del Caffè) in order to guarantee the product in its quality. **ARC** is our reliable intermediary and expert for controlling, testing and supplying of green beans. Together with ARC experts, we select coffee qualities of Arabica and Robusta varieties coming from Countries like Brazil, Ethiopia, Colombia, India and others qualities that have certification as *Rainforest Alliance, *Fairtrade, *UTZ.
