## > More about J.GASCO

### ABOUT US

J.GASCO is the most complete line of mixers 100% Made in Italy, launched in Turin in 2013 and currently present in 35 countries.

J.GASCO is a premium mixer specifically designed for high level mixing: all soft drinks are made with natural ingredients and carefully selected raw materials, without artificial colors or preservatives and without artificial sweeteners.

Thanks to their extremely refreshing and refined taste, they are ideal also on their own as a non-alcoholic aperitif evoking an elegant and contemporary style.

### VISION

Guarantee an authentic, premium and always new mixing experience.

### MISSION

J.GASCO project was born to be the first to offer bartenders the possibility of mixing at an international level whilst bringing forward the Italian tradition.

Since 2013 the deep and authentic bond we share with our territory goes hand by hand with the commitment we put into valorizing the art of mixing.

J.GASCO - PREMIUM MIXER MADE IN ITALY

### PRODUCTS

# J.GASCO

J.GASCO makes available for the barman's ability and for the select spirits consumers two premium lines: classic and naturally light.

The foundation of J.GASCO's quality is the attention to every detail: the special pasteurization process guarantees the stabilization of the mixer whose carbonation is maintained very fine due to the meticulous mixing of water, sugar and natural flavorings at 8°C.

## The classic J.GASCO line

The classic line consists of two tonics – the Dry Bitter Tonic, persistent with a decisive bitter scent and the Indian Tonic with a more smooth and delicate taste –, Ginger Beer with spiciness balanced by the citric notes of the lime, Ginger Ale, Aperitivo Bitter characterized by a bitter- sweet contrast, Cedrata, Lemonade, Elderflower the italian "spuma bionda" with elderflower, Cacao Cola, Sparkling Violet the italian "gazzosa" flavored with violet flower extract and Chinotto with 18 types of herbs.

## The J.GASCO EVIA line naturally light

J.GASCO's sugar free EVIA line is the first range of mixers 100% Made in Italy naturally sweetened. The two references of the EVIA line are the Tonic 13.5, a premium tonic scented with Mediterranean juniper berries with 13.5 calories per 100ml, and the new Ginger Beer, very spicy with ginger and horseradish with 19 calories per 100ml.
