## > More about GIULIO COCCHI SPUMANTI

COCCHI produces, since 1891, wine-based aperitifs and Piedmontese sparkling wines, following the best traditions of Asti area and with the commitment for the valorization of Alta Langa DOCG.

The winery has inherited from the founder Giulio COCCHI an unlimited liveliness and a deep quality research leading its products to be known and appreciated in the five continents. All COCCHI products are wine-based and the recipes are those of the past, concealed upon the insights and intuitions of the same Giulio COCCHI.

Since 1978, Giulio COCCHI is owned and operated by the Bava Family, themselves highly renowned wine producers. Today the winery still maintains its artisan character and follows the original recipes, formulated by Giulio COCCHI in 1891, to craft the distinctive wines that have made the COCCHI a cult name.

What defines COCCHI style is then its simplicity and authenticity: the quality of the wine and of the other ingredients, the century-old technical expertise and a passion and creativity that have never failed over the years.
