> More about FRUTTERO MICHELE & C

For over 60 years, our company has been producing high quality wood butchers blocks and cutting boards, to do so we combine our founder Michele Fruttero's ancient knowledge and craftsmanship with cutting-edge technologies. Our team works with the same synergy as our A.N.I.M.A. patent: from the idea, to the design, to the realization up to marketing and a careful and qualified after-sales service. Today the company is managed by the Fruttero family with the same dedication as the founder who created the brand MEJ, which means the best in our local dialect, his butchers blocks and cutting boards are made to last over the time and, with passion, we work to continue the tradition inherited from Michele.
