toffees

> More about Davit

Once upon a time there was Davit. Since 1900 with love and chocolate. A refined and delicious idea arising at the dawn of 1900 when the elegant protagonist, chocolate, came to touch peoples 'most intimate senses, through an artisan tradition with love and dedication at its heart. Lost and then rediscovered, our historic recipes won the hearts of past generations and are now proudly preserved by our company. Davit carefully selects the finest ingredients to craft unique, genuine creations. Passion, genius, and tradition blend in the hands of expert chocolatiers, transforming select cocoa from Venezuela and Ecuador and Piemonte IGP hazelnuts into a true symphony of flavor — far beyond simple chocolate.

This same care shapes our candies: sugar, water, and essential oils, mixed by hand following age-old recipes, become naturally delicious treats. Every step, from cooking to shaping, is key to creating candies that embody tradition and nature.
