/ Shopping mall/GDO / Soft drinks

> More about Meadlight Drinks srl

We are an Italian drink factory based in Piedmont, specializing in the co-production of low-alcohol and non-alcoholic beverages. We work with brands of all sizes, managing every stage from recipe development to packaging, including the best format and solution for each product.

Our portfolio covers sodas, ready-to-drink cocktails, hard seltzers, energy and functional drinks. In our advanced R&D lab, we create bespoke beverages, tailoring recipes or adapting existing formulas to meet customer needs.

With a collaborative approach, we develop each project step by step. Supporting emerging brands worldwide, we offer innovative solutions that anticipate trends and respond to the evolving market.
