> More about C2R Energy Consulting

C2R Energy Consulting is an innovative SME specializing in the energy sector, with a strong commitment to sustainability and technological innovation. We are a multidisciplinary team of engineers, architects, project managers, and business consultants, united by the goal of providing advanced solutions for reducing and optimizing energy consumption. Through **general contractor, ESCo, and strategic consulting** services, we support our clients throughout the **energy transition**, transforming complex challenges into concrete opportunities for a more efficient and sustainable future.
