FILTERS S.P.A.

> More about FILTERS S.P.A.

FILTERS® was founded in 1989 and has since achieved excellence in the field of **specialized and custom made filters for industrial purposes**.

Today Filters® combines outstanding know-how in filtration and separation technologies with in-depth experience in engineering, providing equipment, technology and services for the Oil & Gas, Power Generation and Chemical industries, and excels in all fields where filtration and separation require high technical competence and product quality.

Filters® develops, designs, builds and integrates advanced technologies into its products. Filters®' business philosophy is based on a commitment to provide quality services that do not merely "get the job done" but create value for the client.
