## > More about FONDALPRESS

**Fondalpress Sp.A.** is a leading manufacturer of high pressure die-casting aluminium parts, machined and assembled. Since 1974 as tier 1 / tier 2 supplier, we have supplied customers belonging mainly to automotive, commercial and industrial vehicles, textile and electromechanical machinery.

Our main products are: e-motor covers, inverter components, battery housings, clutch housings, transmission housings, differential covers, flanges, engine covers, oil and water pumps, chassis components, housings for several applications.

We cooperate with specialized tool makers, offering the best solutions on the market.

Flow-simulations, prototypes and pre-production parts are used to check and improve quality, reducing risks.

Fondalpress pays a rigorous attention to the quality of process and products. It is **ISO 9001:2015**, **IATF 16949:2016**, and **ISO 14001:2015** certified.

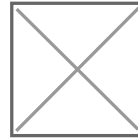

Fondalpress believes that innovative solutions, products and people are at the heart of a sustainable future. ESG has become therefore a key focus for us.

Our **vision**: to be a reference technological partner to the market. To commit providing punctual, concrete and efficient responses to the clients' needs, being a reliable supplier.

Our **mission**: to implement innovative solutions in cooperation with clients and suppliers in respect of quality and environment; to invest steadily resources improving the performance of each department through machinery upgrading and staff updating and training; to complete the enlargement of the plant A. Doglione of Asti, giving birth to a new foundry, to create new manufacturing capacity.

Our **values**: to work consistently , with passion and integrity in a context of fair competition.
