> More about SACEL

Our main activity are stamping every kind of metal sheet and plastic and encapsulation with over-moulding lines. In over 40 years of work, our customers have pushed us to become involved also in what immediately surrounds our core business, which focuses on tools and components. The company uses advanced programs and technologies and is in constant search of innovative systems to apply; this enables Sacel to be competitive in the automotive, electronics, medical and household appliance market.
