## > More about R.M.P. SAVOINI SRL

RMP - which stands for Riporti Metalli Preziosi – was set up by Sergio Teresio Savoini in 1978, as a small handicraft business specialized in the gilding of brass tap and faucet accessories. RMP's growth continued in the late 1980s by expanding the brass electroplating treatment business with the treatment of Zamak inserts and starting the production of painted inserts. In the late 1990s the company specialized in the treatment of plastic materials.
