

DELGROSSO

> More about DELGROSSO

DELGROSSO was founded in 1951, the company started producing filters in 1960, established the brand Clean Filters® in 1975, was incorporated in 1979, and has been active in the market continuously, developing technical solutions that are always innovative. In 2009 it was recognized by Fiat Parts & Service as best supplier of the year.

DELGROSSO is an OEM supplier of the major Italian car brands, as well as a privileged partner of the primary European and Global manufacturers.

In the recent past it expanded its core business, entering the areas of water and oil&gas filtration, and today offers a service of designing and producing integrated solutions for filtration in all functional applications for the development of business and human activities.

DEL GROSSO mainly operates in the automotive and cleantech fields.
