> More about C.I.S.L.A.

Hot Forging Boutique is the new brand of C.I.S.L.A. - a company that has been operating in the engineering industry of hot forging and mechanical processing.

Hot Forging Boutique is an atelier of passion and innovation, where experience, technologies and the love for hot forging are transformed into free inspiration to create and shape design objects for life.

The result is a precious collection of furniture accessories, endowed with sheer 'Made in Italy' purity and refinement. In their unique and insightful design, in their elegant and timeless nature full of charm and warmth, steel reveals its most secret and surprising qualities: preciousness and uniqueness, signs of a value to be carefully kept.
