> More about CDS

CDS is a company that has been producing wiring harnesses for biggest brands in the automotive and household appliance industries since 1981. Continuously growing in both production facilities and investments, it excels in meeting diverse market needs.

CDS is a certified company that during all its production processes follows precise quality standards in full compliance with industry standards in addition to maintaining its values of integrity, transparency, personal responsibility and consistency aimed at continuous improvement.

On the strength of its experience gained over the years and its own in-house design, it is able to provide constant support to the customer during product development including through improvement analysis, while also ensuring responsiveness, versatility and assistance toward design changes.
