

AC ROLCAR S.R.L.

> More about AC ROLCAR S.R.L.

AC ROLCAR is the leading distributor in the international aftermarket. It is present in 40 countries and it designs, manufactures and distributes window regulators. Ac Rolcar can develop window regulators for the highest-selling vehicles in the world, as well as for the most exclusive vehicles, with the inclusion of some 200 new codes every year. Its product catalogue continues to grow and it is constantly updated with 2,900 designed, engineered and tested window regulators. Ac Rolcar's two facilities, which both feature a production and logistics area of more than 3,000 sqm, are dedicated to technological research, quality production and distribution.
