ERRE COMPANY

> More about ERRE COMPANY

ERRE Company is a Turin-based company born in 2013 with the aim of creating a unique and dynamic corporate reality with an authentic Italian footprint. It has always worked with an “Atelier” approach, focusing on the personalization of the services it offers to the customer.

It provides engineering consultancy, Concept Design, HMI, UX/UI, Prototyping, Electric & Electronic, ICT through on-site customer support or in work package mode.

160 resources, distributed around the headquarters of Moncalieri, Milan and Maranello, with high-level expertise. A team of 100 engineers, 20 designers and specialized technicians work in an integrated and synergistic way to offer complete 360° proposals in the automotive and aerospace, rail and biomedical sectors, thanks to significant internal expertise that works to offer a systemic and integrated approach and with the ability to think beyond conventional patterns.

Pioneer of a new way of conceiving Italian SMEs in the consultancy sector, ERRE Company focuses on excellence and personalization, proposing a tailor-made service applied to consulting, which often leads the customer to discover previously unknown needs.
