## > More about O.S.A.

OSA is a company based in Settimo Torinese, Italy, which produces components for the automotive sector.

OSA has a six decade-long experience in the manufacturing of high-quality metal parts for the automotive sector, with a strong expertise in the metal processing and in the cold stamping of sheet metal.

This makes them the perfect partner for the development of a zero-defects manufacturing project, due to the extremely high standards that the automation sector has always demanded from its suppliers.
