## > More about TESSITURA RIVESE

TESSITURA RIVESE was founded in Riva, near Chieri. It produces fabrics with a lean and flexible structure.

The company is part of the cotton textile industrial district of the famous textile area of Chieri. The taste for beauty, the technical experience, the availability of warps and the long-term relationships with suppliers allow TESSITURA RIVESE to be very flexible in the design and customization of the final product.

For four generations, TESSITURA RIVESE has been producing a wide range of fabrics for:

- medium/high quality clothing in 100% cotton, 100% linen, cotton/linen blend, cotton/cashmere blend, cotone/other fiber;
- furniture with compositions of cotton, linen, cotton mixed with linen, viscose, acrylics and polyester;
- other applications like carpet bases, technical fabrics for industrial cleaning and other requests from customers.

TESSITURA RIVESE pays particular attention to the protection of the environment and human health, its fabrics produces totally with the quality standards of the market in order to avoid any substance harmful to health and the environment.

TESSITURA RIVESE mainly operates in the textile and design fields.
