> More about LINEA DONNA

Ours is a company with important artisan roots, has always operated with this philosophy, producing only luxury garments, even in series. We offer a wide range of services, entirely internally managed in all stages of development, from modelling to mass production. We use the most recent modelling softwares combined with tailoring know-how. We offer a production service ranging from prototypes to fashion shows, PRESS or VIP garments. We manage the production of orders of any size, from small quantities to orders for thousands of items:

Production capacity:

- Prototyping: 250 models/season
- Production: 20.000 pieces/year
- 1500 Prototypes – Samples – Press clothes/year
