> More about PASTIGLIE LEONE

The enchanting sweetness story of PASTIGLIE LEONE began in 1857 when Luigi Leone started producing small and delicious candy originals in his confectioner's shop in Alba.

Today LEONE'S Candy Originals are the renowned emblem of the company image, with their typical little-box packaging, their characteristic pastel shades and vast assortment of more than 40 flavours.

They are a natural pleasure for the palate, due to their sweetness, as well as for the mind, due to their energy supply but low calorie content. All this without disregarding ingredients: "natural" and "best choice" are the keywords for PASTIGLIE LEONE.

In addition to Candy Originals, Leone products range from Gummy Sweets to real Fruit Jellies, from hundred types of Sweets and Drops to Sugar Products, such as the delicate Droplets and the classic Fondants, right up to include a broad chocolate range.

Pastiglie Leone creates not only candy originals but also bean to bar chocolate, using only the best ingredients, keeping alive the best traditions in Italian sweet making.

PASTIGLIE LEONE mainly operates in the agrifood and design fields.
