> More about MOSAIC

We are an Italian lighting group that has garnered recognition for our outstanding brands, Creative Cables, Bebulbs and Plumen. As pioneers of personalized, configurable, and bespoke lighting, Mosaic Spa stands as a beacon of excellence, blending the heritage of Italian design and savoir-faire with a contemporary flair. Our passion for lighting extends beyond the bare illumination of spaces: in our world, each light tells a story, and every setting becomes a canvas for personal expression.

Creative Cables combines tradition and modernity to redefine the boundaries of lighting design. With over 300 models and textures of cable colors and a diverse component range, it allows the creation of endlessly customizable lighting.

MOSAICPLUMEN **bebulbs**
beauty in bulbs

Bebulbs stands for “Beauty in Bulbs”, a brand that offers refined, high-quality light at an accessible price. This essence is the focus on detail: we matched simpler shapes to more unusual ones, balancing sizes and finishes.

Plumen combines cutting-edge design with low-energy consumption technologies. During the years, it has been awarded with important prizes, and it was also acknowledged by important collections, like the MoMa in NYC.
