> More about SISTEMA VENEZIA

SISTEMA VENEZIA: a project of a new company that deals with the design and assembly of high-quality modular furniture planned to satisfy home and office spaces.

SISTEMA VENEZIA permits to create innovative furnishing solutions in several forms and ways. The heart of the system is a hardwood structure of two kinds of wood, completed with doors, drawers, and shelves that allow you to compose any piece of furniture from bed to cabinets, from bookcases to wardrobes. This system is innovative since it is modular, versatile and makes it possible to assemble high quality, adaptable and reusable furniture. It is fit to meet the needs of transformation and sustainability.
