## > More about INCOMEDIA

Incomedia, headquartered in Italy, has established itself as a prominent software provider specializing in website and e-commerce creation solutions tailored for Small and Medium-sized Enterprises (SMEs). At the heart of Incomedia's offerings is WebSite X5, a powerful software tool that empowers even the least experienced users to effortlessly design and develop e-commerce stores, websites, and blogs. This user-friendly solution is particularly advantageous for SMEs, providing them with a versatile platform to establish and enhance their online presence even using Artificial Intelligence features.
