> More about INFORMATICA SYSTEM S.R.L.

Informatica System S.r.l., established in 1982 and headquartered in Vicoforte, Italy, is a leading system integrator specializing in industrial research and pre-competitive development. With a team of around 60 professionals and an annual revenue of €13 million, the company delivers tailored hardware and software solutions across manufacturing, agrifood, and environmental monitoring. Its expertise spans measurement device development, AI and IoT integration, and advanced user interfaces on wired and wireless infrastructures. Recognized for its commitment to quality and innovation, Informatica System holds ISO 9001:2015 certification and operates as an authorized WISP provider. The company is also an accredited registrar and has earned the European Commission's Seal of Excellence for its research in Horizon 2020, reinforcing its leadership in cutting-edge technology solutions.
