## > More about ETIQA SRL

Founded in 2014 on the idea that quality is not an afterthought, but that superior results come from engineering quality into every stage of development. We combine Silicon Valley speed and expectations with European standards, delivering to EU regulations, compliance and complexity.

## OUR BUSINESS

Full stack Development and QA company  
Extensive experience in compliance, privacy and security challenges  
2 offices: Turin and San Francisco

## WE WORK WITH

E-commerce, insurance, healthcare.  
In the Healthcare and pharma sector we work with large companies, SMEs and innovative start-ups and we are specialized in digital therapeutics and patient journey management, which represent one of the most interesting and current frontiers of contemporary medicine.
