## > More about Redibis Film

Founded in 2012 by Daniele Segre and Daniele De Cicco, Redibis Film is an Italian production company based in Turin (Piedmont), created with the ambition of making films that combine auteur quality with commercial appeal. Our editorial policy focuses on exploring contemporary society and its transformations through a variety of styles and genres.

We provide line production services to both Italian and international companies, handling cost analysis, location scouting, casting, crew recruitment, and administrative processes, including tax credit applications.
