## > More about OVERLAB S.R.L.

OverLab was founded in Turin, the cradle of Italian Manufacturing and Digital innovation, by its founding partners, who bring over a decade of experience as entrepreneurs in both industries.

OverLab aims to be "The Italian path to Industry 5.0," providing clients with products and solutions that combine ESG values with digital technologies to enhance production efficiency.

OverLab is part of the Overlux Business Network, which specializes in digital transformation and energy efficiency.
