

SICURANEXT S.R.L.

> More about SICURANEXT S.R.L.

SicuraNext is a company specializing in cyber security, headquartered in Turin (Italy).

Our purpose is to offer high-quality services and products for the SMEs market.

The offered solutions are structured taking into consideration each single company's profile and guarantee the management and protection of the entire network perimeter, in full compliance with the existing laws.

In addition to services such as Log Management, SOC and CTI, SicuraNext specializes in security awareness, incident response and offensive security.

SicuraNext offers cyber security services for companies in the banking sector, the insurance industry, IT, food and beverage and non-profit organizations.
