Zenit arti audiovisive

> More about Zenit arti audiovisive

Zenit Arti Audiovisive has been an independent video production company since 1992 when it was founded in Turin.

Zenit is well established on a European level and has collaborated with many of the main Italian and foreign television channels with its films achieving a number of important acknowledgements.

We deal with the creation and production of:

DOCUMENTARIES

We seek out and develop writers and stories that can provide unprecedented, unusual and innovative insights into all kinds of subject matter.

MULTIMEDIA ITINERARIES: FILMS AND TOUCHSCREENS FOR ART EXHIBITIONS

We produce historical and biographical videos, video installations and interactive itineraries for art exhibitions and the exhibition spaces themselves.

EDUCATIONAL FILMS

We design and produce educational video content for academic publishing houses.

CORPORATE VIDEOS

We help companies to present themselves and promote their brands in an original way.

MEDIA EDUCATION

We lend our skills to areas of teaching and the design of didactic and training courses in the field of media education.

Zenit arti audiovisive

SERVICES

Zenit offers production services and facilities in order to help Italian and foreign companies intending to film in the region of Piedmont, including indoor post-production studios and camera operators.
