> More about FONDERIA L.E.A. SRL

L.E.A. FOUNDRY S.r.l., aluminum shell foundry since 1975, deals with manufacturing of cast aluminum products in shell molds in small and medium series. We provide an all-round service including feasibility study, development, 3D issuing and manufacturing of the shell according to the customer's design.

According to customer specifications, we carry out mechanical processing in cooperation with partner companies. We are ISO 9001:2015 and ISO 9001 certified.
