## > More about SANITAS FARMACEUTICI S.R.L.

SANITAS FARMACEUTICA Srl is an historic pharmaceutical company, founded in 1931 and acquired in the late 1990s, by its current owners.

Operating in the Italian general practitioner and hospital segments, with its own branded products, in the following categories: sales promotion to General Practitioner, Gastroenterologist, Pediatricians, Gynecologist, selection of other specialist; professional disinfection (instruments, pre surgery preparation, environment, dental surgery), medical device and preparation of personalized procedural kit.

We strongly believe that it is only through attention to today's desire for health, that Sanitas can express its potentials on the market. Quality, safety and attention to the needs of all life stages, are the main points that identify us.

By carefully listening to the requests of doctors, pharmacists and patients, we created valid therapeutic solutions to offer to family doctors and specialist. We follow our products from the earliest stages of development to their final production to be sure that we maintain the high standards of quality and safety required by present regulations.

Our products are distributed all over Italy, through wholesalers and are available in all pharmacies.
