## > More about HERNIAMESH

HERNIAMESH is known for the development and production of implantable medical devices, mesh for the abdominal wall and inguinal hernia repair, mesh and slings for female and male Urinary Incontinence and female POP repair, besides a three dimensional mattress overlay for the prevention of pressure ulcers and chronic low back pain.

HERNIAMESH is headquartered in Italy and have more than 20 years of experience, our challenge is to give the surgeons the best products that can be used with the utmost safety; we guarantee the highest quality of the products paying attention to every stage of the production process through a certified Quality Management System. All products are CE marked and comply with the standards regulating medical devices internationally.

Thanks to its founder, Ermanno Trabucco, M.D., HERNIAMESH followed the growth and development of the surgical field since the beginning, gaining strong knowledge and experience.
