ACTide eCRF

Web-based interface cross-platform and device ready

ACTide eCRF
ACTide eCRF is an EDC platform fully featured with a configurable role-based permission system. It provides your study team and site Investigators with all the required tools and services to succeed in their daily tasks with the freedom of a Software as a Service.

NUBILARIA

> More about NUBILARIA

Nubilaria Srl provides IT services to the Clinical Research market through its dedicated ACTide Platform. ACTide eCRF is a web-based EDC (Electronic Data Capture) platform dedicated to MedTech, Clinical and Epidemiological Research Management, allowing the collection, recording, transmission, and storage of the data acquired during a clinical trial. Along with the ACTide solution, Nubilaria provides top-level services to the Clinical Research Market:

- data management
- database migrations
- custom developments
- software integrations

Its technical DNA along with its commitment to innovation makes Nubilaria the perfect partner for the most challenging projects.
