## > More about DM PACKAGING GROUP SRL

Our Company has been operating in the field of automation and packaging for more than thirty years, with a production site in Turin, Italy. We produce packaging machines starting from basic models up to fully automated solutions for high-speed lines.

In more recent times, we have added to our range a new branch, named HBTS to complete our offer. This is our high-speed division for larger industry.

We have a research and development office and an internal design office, so we can offer any type of solution truly tailored to the customer's needs in a short time. At DM PACKAGING GROUP you will be able to find a true "Made in Italy" solution, granting you design, technology and cost-effectiveness.
