> More about FILATURA ASTRO

FILATURA ASTRO was established in 1956 in Biella.

FILATURA ASTRO has been manufacturing over the last sixty years regenerated yarns obtained from pre-dyed cotton and wool scraps sorted by colour, creating 100% Made in Italy and eco-sustainable products. All the manufacturing steps, from tearing to spinning are carried out in-house. Flexible and scrupulous to quality, FILATURA ASTRO is able to offer a wide range of yarns, both for typology and yarn count with a relevant water, energy and chemical colors saving.
