> More about Cappellificio Biellese 1935

Cappellificio Biellese 1935 is a **hat maker** born almost 100 years ago in the Cervo Valley, near Biella.

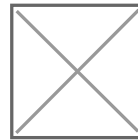

His has always been a story of ups and downs, however, in 2018 it was **bought by a group of young entrepreneurs** under 40 who, despite the difficulties, are **relaunching the brand** around the world.

Today CB1935 **produces hats using haute de gamme sartorial fabrics** such as cashmere, flannel, vicuna, alpaca, linen and silk.

In 2021 it moved its historic headquarters where were used to be **the oldest pub in Biella**, keeping intact the furnishings and the British style.

Where once beers were drawn, today hats are sewn.
