> More about Carlotta Oddone

Carlotta Oddone and her Officina dell'Invisibile propose a new idea of elegance, made up of colour and harmony that transforms the home into a place where you can feel good: handcrafted designs and furnishing accessories are conceived to soften the rigour of forms and create spaces with great personality.

Garden-scented cushions and armchairs, wall sconces and chandeliers that make light bloom, bedspreads stolen from the Arabian Nights, tablecloths for gypsy parties.
