 Associations **Semi-hot forming** Warm forming **Investment casting**
 Sourcing of third-party components **Rolled rings** Component assembly

Your benefits at a glance:

Industry, market, venue

The entire industry on-site

The industry meets at CastForge. Manufacturers of castings and forgings, as well as highly specialised processors, showcase themselves to industrial purchasers from machinery and plant engineering, drive engineering, the pump and hydraulics industry and utility vehicles construction.

Key to markets

The Greater Stuttgart area is a leading high-tech location and one of the strongest economic regions in Europe. The metalworking and metal processing companies are responsible for about 50 percent of the total production in Germany.

Excellent infrastructure

Messe Stuttgart offers travellers short distances and easy accessibility. Within minutes, you can walk to airport, urban rail and tram stations and long distance bus terminal. The direct connections to the A8 motorway and B27 trunk road make individual travel easy.

Register now and secure your stand location without obligation

Reserve your stand location at CastForge 2024 now, benefit from maximum flexibility and design your stand according to your ideas.
